## Information and Guidance

---

|             |   |   |
|-------------|---|---|
| 1. Did you: | Y | N |
|-------------|---|---|

2c: Please comment on each of the following with examples:

- Whether the assessments (formative and summative) were well-designed, valid and reliable;
- whether they assessed appropriately the learning outcomes set for the programme;
- whether they were sufficiently challenging for students in the context of the subject matter and the course.

The assessments and modules I externally examined:

- are well designed in that they use a range of activities to assess module learning outcomes. To the extent that I am able to comment as an external, they are valid and reliable. I see a snapshot of each assessment by way of the paper and a selection of submissions. The range provided demonstrates the accuracy to which learning is measured. It's clear that they measure what they were designed to measure;
- appropriately assess learning outcomes by appropriately set questions activities;
- are appropriate for Level 7 therefore sufficiently challenging.

### Standard of Student Performance

3. Please comment on the following:

From the student work you sampled, whether the standards of student performance were comparable with similar programmes and subjects in other UK higher education institutions with which you are familiar.

I have been an External Examiner at 6 other institutions over the past decade. The standard of performance is comparable.

### Marking and Moderation

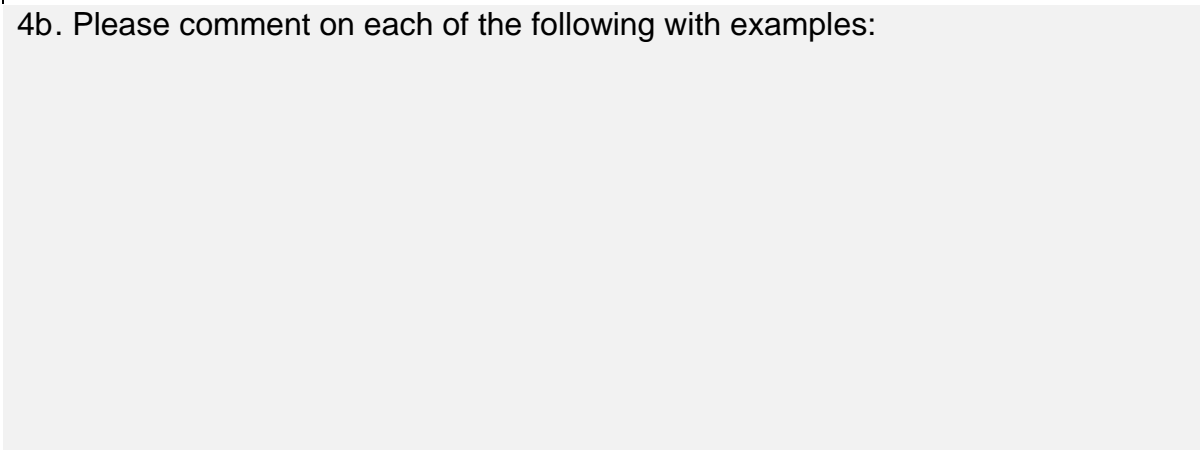

4a: Did you receive:

Y

If “No” to any of the above, please comment :

Not every assessment was supplied with a spreadsheet of all marks that identified each marker.

4b. Please comment on each of the following with examples:

|   |  |  |
|---|--|--|
| Were you satisfied with the recommendations of the Board? |  |  |
| If "No" to any of the above, please comment below:        |  |  |

### Academic Standards of the Programme

|  |   |   |
|--|---|---|
| 6a. Do the modules that you sample allow students to develop relevant skills ( e.g., cognitive skills, practical skills, transferable skills and professional competences)? If "No", please comment:                                     | Y | N |
| Type your text here  | x |   |
| 6b. Is the module/programme design, delivery and assessment informed by up- to-date research or professional practice and/or by current developments in teaching and learning, within the discipline or sector? If "No", please comment: | Y | N |
| Type your text here  | x |   |
| 6c. Does the curriculum design and assessment strategy enable students to meet the programme learning outcomes? If "No", please comment:   | Y | N |
| Type your text here  | x |   |
| 6d. How well does the programme/module, in your opinion, prepare graduates for employment or further study?  |   |   |
| There is a heavy and appropriate bias on authentic real world tasks. While expected on the SQE programmes, I am delighted to see it on the AMIL modules, too.  |   |   |

### Areas of Good Practice

|   |
|---|
| 7a. Are there are particular features of student assessment that you would like to highlight as being innovative? |
|---|
