Information and Guidance

1. Did you:

- whether the marks awarded were reflective of the standards expected at that particular level and for all students;
- whether the marking criteria was presented clearly and appropriately differentiated across bands;
- whether the standard of work that you sampled was comparable across different locations (e.g., ULaw campuses and/or partnerships in the case of collaborative provision).

I was only asked to review a small sample of work, but the marks awarded reflected the standards expected for students at this level studying employment law and the marking criteria was clearly presented across the bands. I cannot comment upon comparison across campuses as I do not recall this being highlighted for consideration.
